

Designed to Save Lives

Automating and accelerating real-time communication and response

As leaders in Rapid Emergency Response Systems (RERS) and Crisis Management, BluePoint is dedicated to saving lives. Our purpose-built solution greatly reduces response times—both for individuals in crisis and first responders—providing immediate situational awareness for leadership and command groups to make swift, accurate, and informed decisions.

Expected results with BluePoint

1. Faster Police Arrival
2. Building-Wide Rapid Response
3. Improved Leadership Communication & Control
4. Informed Real-time Life-Saving Precautions

A true life-safety solution!

Supervised • Backed-Up • Redundant • Secure
